

## ABOUT ME

I am an intensive learner and I am not afraid to ask questions. I like and know how to complete tasks and am always open to communication.

It is really important for me to actively communicate with my team, making decisions that allow building an awesome product. I dedicate myself to my work and can't imagine another way of life.

## SKILLS

- Knowledge of Swift
- Familiar with the patterns MVC/MVP/REDUX
- Using SOLID
- RESTful
- CocoaPods
- TDD
